

Churchfield Estate, Rosemeadow - A 73 lot residential subdivision designed and surveyed by LandTeam Professionals

Churchfield has been thoughtfully engineered and designed with one entrance and one exit to and from the housing estate. Churchfield land release is positioned in a private and picturesque setting behind John Therry Catholic High School.

The community of Churchfield is being developed by the Our Lady Help of Christians parish.

The development is being managed by **MILTONBROOK**, a property development company boasting over 30 years experience in the Illawarra region.

LandTeam successfully tendered for the surveying, civil engineering design and supervision aspects of the three stage development.

LandTeam's sister company Simply Water and Sewer provided the co-ordination of sewer and water for the project.

Stage 1 of the subdivision has been completed and construction certificate plans have been prepared for Stages 2 and 3.
